

Dear Neighbor:

I have fought to protect your interests, and mine, over the past two years as Councilmember from Ward II. I promised you just under two years ago that if indications of government would present vulnerability for us as a Town, I would run for Mayor in 2005. Indications are that we need to restore honesty, integrity and trust to our government. I am running for Mayor and I respectfully ask that you vote for me in May when you vote in the Forest Heights Town Elections.

Thank you,
