

Greetings Citizens of Forest Heights,

My name is Maurice R. Hatchett. I have resided at 206 North Huron Drive, with my wife, of 33 years, and our family for over twenty-five (25) years. I have two young adult sons and one teenage daughter. Presently, we also have my mother living with us.

In the past I found Forest Heights to be a very quiet and pleasant community. It was a good place to rear a family. But recently Forest Heights has become a town, that is seriously in need of good leadership. With this in mind, and the restoration of peace and tranquility at heart, I wish. to offer my time, my talents, and my leadership skills to the community of Forest Heights. I propose doing this, by running for the ward three (3) seat of the Forest Heights Town Council.

I was educated in the District of Columbia School System, graduating from Phelps Vocational High School in 1964, with honors and certificates in printing. I have served our country, as an instructor at the South Eastern Signal School, while in the US Army. I received an honorable discharge in 1969. I attended the University of the District of Columbia and graduated in 1976. I have been a civil servant, at the US Government Printing Office. I recently retired from the USGPO as a supervisor in the Bindery Division with thirty-seven (37) years of Federal Government Service.

I served the community of Oxon Hill as a trained WEBELOS (scout) den leader. I am concerned about the education and moral standards of our young people, *aswell as* improving the quality of life for all the citizens of Forest Heights.

I would be honored to serve the citizens of Forest Heights. And if elected I will represent the citizens of ward three (3) with honesty and integrity,

VOTE FOR ME, MAURICE R. HATCHETT FOR WARD 3 TOWN COUNCIL
