Andrea McCutcheon

For the office Town Council Ward II

I am a candidate for Town Council Ward II, Town of Forest Heights. I have served as Councilwoman Ward II since my appointment May 31, 2006. I have also served as Council President since March 2007 and Acting Mayor during the transition after our last election.

I believe it is the responsibility of the Mayor and Council to be accountable for their actions and follow the rules of the Town Charter, Ordinances, Maryland Code and other laws governing municipalities.

I have worked diligently with Mayor Hines and the Town Council during the transition from turmoil to turn around. I have attended **all** meetings since my appointment May 2006. As chairwoman of the sanitation committee I participated in executing a contract with Goode for town trash removal. I am currently chairwoman of the Police Department.

My family adopted Lohr Park at the intersection of Seneca and Woodland, where Mr. Kennedy and I donated roses, mulch and plants to beautify it. Several residents assisted me in cleaning the park and pruning trees and bushes.

My goals remain to:

- Serve public good and represent interests of all citizens.
- Identify Town needs and determine priorities.
- Establish broad policy and local laws as ordinances and resolutions.
- Ensure that Town Charter and Ordinances are faithfully executed.
- Support our Town operating in a proactive efficient manner where the services of police protection, health and sanitation, and infrastructure are in response to the needs of our Town.
- Promote beautification of our Town by actively participating and seeking participation from Town residents.
