

Anne K. Reifsneider      Candidate For Ward 2

I have been a resident in Ward 2 for fifty two years and have served on the Town Council for a total of ten years. During that time we have had many unavoidable problems, however, by unity, determination and dedication we have always pulled through.

At this point in time we still find that our Town is facing and fighting for financial survival, the same as many other towns, cities and states, we are not alone. Now more so than ever we must have strong financial accountability for every item on the budget and all funds spent. To help implement these controls we need a treasurer, however, the Mayor does not seem to agree. In the past two years it has been necessary to make some hard financial decisions and in the near future we will continue to make more difficult decisions, if not we may not survive.

Now is the time to vote for Anne K. Reifsneider. I am a qualified person with budget and management experience, dedicated to operate the Town efficiently and have tried to ensure that we follow the Town Charter and the Annotated Codes of Maryland. In the past some elected officials have tried to circumvent the Town Charter, by pass and avoid any open dialogue with the Town Council which the Town Charter requires, we suffer very poor communication. In these critical times we must have a responsible Mayor, a part time treasure with accounting knowledge and experience and a united Council.

Your vote would be appreciated. I pledge my honest support to every resident.

*Anne K. Reifsneider*
