

**ANNE K. REIFSNEIDER FOR COUNCIL MEMBER WARD II**

**ANNE K. REIFSNEIDER WARD II**

You again have the opportunity to elect your Mayor and one Councilmember from each of the Wards for a two year term.

I have been an active resident of Forest Heights for fifty five years. WHY DO I LIVE HERE? Convenient location, quiet town, very low crime rate and friendly residents.

I am pleased to be a member of the council, I take this position very seriously. We looked ahead, planned, and executed many outstanding improvements. The Municipal Building now has a green roof and all windows have been replaced, both will save on utilities summer and winter. Auditorium has been completely renovated, have you seen it? We are now looking ahead for the possibility of solar panels which could reduce our electric cost to a near zero figure. Top priority is an up date on storm drains so the streets can be addressed. Some grant money has been received and used for these improvements with a very minimal expense to Forest Heights thus retaining good financial stability.

I am administrator of a State and County weatherization program to assist the residents with free weather stripping, caulking , safety inspection an assistance with water heaters, furnace, windows etc.

Your Ward II council representatives scheduled a monthly meeting hoping for an open dialogue, however, we discontinued the meeting due to the lack of participation. Your council representative is unable to assist you if you do not communicate with us. I strongly emphasize OPEN COMMUNICATION 301-839-1146.

My desire to be re-elected is to work toward the future and continued improvements. I am dedicated and loyal to Forest Heights and work closely and harmoniously with all departments and ESPECIALLY WITH ALL RESIDENTS.

THOUGHT: We know the present and envision the future.

I respectfully ask for your support on Wednesday March 9, 2011

MANY THANKS

*Anne K. Reifsneider*
