

WARD III CANDIDATE

Dear Ward III Residents,

I am asking for your VOTE and support in the upcoming election for Councilman. I have served you well as the Chairman of the Police Department and the Chairman of the Health and Sanitation Department. The Town Council has gone through a transformation, and I am pleased to be a positive part of that transformation. I have represented you well and successfully worked on many issues, namely:

- Actively engaged in process leading to the passage of a balanced budget
- Monitor trash collection activities and Town cleanliness
- Oversight of police protection and public safety
- Participated as member of Police Board in interview and selection of two new police officers as well as Code Enforcement Officer
- Reviewed trash contract and services and recommended that contract be re-bid

The residents of Forest Heights deserve the continuity of a dedicated and working Council Member and I intend to continue to strive to make this the best Municipality in Prince George's County and the State of Maryland. My qualifications include: a Bachelor's degree in Social Welfare from the University of the District of Columbia, retired Metropolitan Police Officer, and Chapter President of Blacks in Government at the U.S. Office of Personnel Management (OPM), where I currently work as a Human Resource Specialist. I bring a wealth of experience and have worked for the town diligently over the last several months as your Councilman. I have been active in the community as Chairman of the Town Board of Elections.

I look forward to continuing to serve you; I am always just a telephone call away-- (301) 839-9040.

Sincerely yours,

Larry Stoner
Councilman, Ward III
